

Leading the Way to a
Healthier Community

A Division of the Sisters of
St. Francis Health Services, Inc.

April 8, 2009

Mr. Gary Dunn
Executive Vice President
Business Development
ESCO Communications, Inc.
8940 Vincennes Circle
Indianapolis, IN 46268

Dear Mr. Dunn:

Our Hospital has enjoyed a good working relationship with ESCO Communications since the mid-80s. We have worked with your staff to design and install a variety of communication solutions that has made our Hospital a center-of-excellence with a worldwide reputation in joint replacement surgery.

Your team was the successful bidder on our most recent \$42 million dollar project. The support that you have demonstrated to our Hospital has been extremely valuable.

One unique factor when working for St. Francis is our wholly-owned Alverno IT subsidiary. Your team excelled, with total success, in working with our Alverno specialists.

I would, and do, recommend ESCO Communications to any and all interested organizations.

Sincerely,

Dan P. Young
Director of Facilities
St. Francis – Mooresville
